Breathe Hyomei and Cure Catarrh

No Cocaine, Opium or Harmful Drugs in Booth's Hyomei—It's Nature's Own Remedy

Here is a sure way to get rid of catarrh, hawking, snuffing, and all misery caused by the catarrh germs. Get a HYOMEI outfit to-day, follow the instructions and breathe five times a day deep into your lungs the germ-killing air through the little inhaler. At night just before going to bed use the vapor treatment as directed. This treatment is prescribed by the best catarrh specialists in America and Europe to destroy catarrh germs. Booth's HYOMEI is Australian eucalyptus and other splendid antiseptics. A complete outfit, which includes inhaler, is \$1.00; separate bottles, if the first does not entirely cure, can be obtained for 50 cents, and money back from the Red Cross Pharmacy if you are dissatisfied. Just breathe it—no stomach dosing. The Red Cross Pharmacy guarantees it.—Adv.

Gitchell Gets Back At City By Filing Counter Suit.

Following the filing of an injunction by this city on E. C. Gitchell, to compel him to move the buildings which he purchased, from the high school land, Mr. Gitchell has filed a bill with the city clerk for \$635.50, divided as follows: Bill rendered, \$530; interest for two months, \$5.50; damages on buildings proposed high school site during the months of January and February, \$100. It is feared unless these two matters are cleared up before the ground thaws in the spring, they will delay work on the new school building.

The first meeting of the creditors of L. A. Averill of Barre, a feed and grain dealer, was held yesterday before Referee W. N. Theriault. The liabilities are \$34,000. R. E. Stevens of White River Junction and A. Sargent of Barre represent the creditors and E. R. Davis of Barre represents Mr. Averill. V. E. Ayers of Barre is receiver.

Juan Lavielle has sued the firm of Boutwell, Milne & Varnum for \$5,000 damages, for injuries alleged to have been sustained when a grout pile on the defendant company's quarry on Barre hill fell, Jan. 10, 1913, causing a double fracture of his left leg and injuries to his arms, back and neck. R. A. Hoar of Barre and H. B. Bygraves of Boston appear for Lavielle.

New York, March 7.—The three arbitrators named under the Erdman act to settle the differences between the Brotherhood of Locomotive Firemen and Engineers and fifty-four eastern railways, over the firemen's demands for increased pay and other concessions will hold their first meeting in this city next Monday.

CHELSEA.

Mrs. Benjamin H. Adams went last week for a few weeks' visit with friends in Boston and vicinity.

Frank D. Lathrop, who is stopping temporarily with his mother in Williamstown, was in town Monday and Tuesday on business.

George L. Swan, the present representative from Tunbridge, was in town Saturday on business. Mr. Swan has recently been appointed by the state fish and game commissioner as warden for Orange county in place of John W. Untied of Brookfield, whose term of office has recently expired. Mr. Swan entered upon his new duties March 1.

Representative Benjamin H. Adams spent last week in Lowell and Boston and on his return the first of the week he brought several horses purchased in the neighboring state and is now prepared to take up his former business of buying, selling and exchanging horses and other personal property.

Anson S. Ormsby of Vershire was in town the first of the week to visit his son, Ervin W. Ormsby.

Titus H. Wilford, who has been working in Williamstown for several weeks, came last week and is stopping temporarily with his wife at the home of her parents, Mr. and Mrs. Will A. Hood.

Mr. and Mrs. Edward J. Cook, who live on the Cornelius C. Scales farm on the west hill, which they purchased a year ago, were in Barre recently as the guests of Mr. and Mrs. George W. Holmes.

At the tax collector's sale of hay at the N. G. Moore farm Wednesday afternoon, Col. H. O. Bixby sold a sufficient quantity of hay to satisfy the tax assessed on the grand list of 1912 on that farm. The hay was pressed and sold for from \$9.25 to \$10 per ton.

Mr. and Mrs. Stanley C. Wilson were called to Brookfield Wednesday to attend the funeral of Mrs. Patterson, the widow of the late Daniel Patterson. Mrs. Patterson was an aunt of Mr. Wilson.

Percy J. Jeffords, who taught the winter term of school in the Wiram Morse district, finished the term last Friday and returned to his home in Williamstown.

Senator Hale K. Darling, who has been at home for a week, left Wednesday afternoon for Montpelier, where he will devote his attention for the next few weeks preparing the manuscript for the session laws enacted during the session of the legislature just closed.

Mrs. Munroe O. Coburn, who has been visiting her children in St. Johnsbury for the past two weeks, returned to her home here last Saturday.

Eugene H. Kennedy's day press was moved Monday to the Charles Goss farm in Tunbridge to do a large job of pressing hay. The press is in charge of Orlo S. McNabb.

Fred S. Osterhout of Lowell, Mass., arrived in town the first of the week for a visit to friends and relatives and is the guest of his cousin, B. H. Adams. Charles R. Corser and his sister, Miss Nellie M. Corwin, of Boston, arrived in town the first of the week and the latter is stopping at her old home here for a while.

Walter Bowen, who has been doing some mason work at the new school building for the past two weeks, has completed the same and left Monday for Waterbury, where he has work on the new school house which is nearing completion there.

William Robbins, who has been boarding at the home of Mrs. Clara Alexander in South Tunbridge since last fall, is stopping for a few days at the Orange County hotel, where he formerly boarded for several years.

At the town meeting Tuesday, the following officers were elected for the ensuing year: Moderator, Hale K. Darling; clerk, Willard P. Townsend; school director, Edward B. Hatch; lister, Frank E. Bixby; selectman, Albert G. Bradsaw; overseer of the poor, Houston S. Fitts; trustee of public money and town treasurer, Willard P. Townsend; auditors, John M. Comstock, Fred A. Ordway and Stanley C. Wilson; town grand jurors, Horace T. Walker and George L. Hayward; agent, George L. Stow; library trustee, John M. Comstock; cemetery commissioner, Willard P. Townsend; town tax, 20 cents, school 80, highway 20, total, \$2.20. The sum of \$300 was voted for permanent highways. While the town still remains in the "dry" column it was voted to grant a druggist's license in town.

Mr. and Mrs. W. Milton Mattson have moved from their house in the village to their farm on the east hill, which is known as the old Dennison farm. The sale of the house at the town hall after the moving pictures Tuesday evening was fairly well patronized.

TUBERCULAR GERMS

flourish in the most unexpected places and quickly attack a body weakened from colds or general debility, but if the lungs are fortified with SCOTT'S EMULSION

their progress can be prevented and often overcome. SCOTT'S EMULSION is used in tuberculosis camps because its highly concentrated nourishment builds strength and resistive-power faster than disease destroys. It assimilates without taxing digestion, and contains no alcohol. Absolutely nothing equals SCOTT'S EMULSION to strengthen the lungs and drive out colds and coughs.

TENNEY SERVICE FOR BARRE

CHAPTER VI---THE DISTRIBUTION SYSTEM

Many companies to-day whose generating plants are capable of producing an output in excess of the amount of current required for the community served, are handicapped in their operation by an inadequate distribution system. There is a definite limit to the amount of water which can pass through a pipe of given size in a given time, and it is also true that the amount of electric current which can be transmitted by a given line is limited by the amount and size of the copper wire in that line.

Copper wire is expensive, costing all the way from \$99.75 per mile for size No. 6, to \$693.00 per mile for the heavy size No. 0000. Consequently, many companies attempt to save money by using the smallest size of wire possible, in spite of the obvious fact that such a policy leads to inefficient operation through heavy line losses and unsatisfactory service to the public.

Our policy is very different from such short-sighted, small methods. We are now making a minute examination of every foot of the 700 miles of copper wire in our distribution system, and wherever the system is faulty or inadequate, IT WILL BE MADE RIGHT. The deciding consideration in every case will be the SERVICE RENDERED, NOT THE EXPENSE.

TENNEY SERVICE requires a modern generating and distribution system. And we are going to give Barre REAL TENNEY SERVICE.
